4. MAPPING NOW IN PROGRESS

Once it's set up correctly, you'll see messaging when linking over to Pathbrite stating (after creating an integrated assignment or sso link):

"We are in the process of mapping your LMS to a Pathbrite community. We will contact you when we've completed the setup. Please contact support@pathbrite.com if you have any questions."

This is our final step in the process to map the correct community on the Pathbrite end with your Blackboard implementation and will only show up until we finish the mapping on our end.
